

This is a digital copy of a book that was preserved for generations on library shelves before it was carefully scanned by Google as part of a project to make the world's books discoverable online.

It has survived long enough for the copyright to expire and the book to enter the public domain. A public domain book is one that was never subject to copyright or whose legal copyright term has expired. Whether a book is in the public domain may vary country to country. Public domain books are our gateways to the past, representing a wealth of history, culture and knowledge that's often difficult to discover.

Marks, notations and other marginalia present in the original volume will appear in this file - a reminder of this book's long journey from the publisher to a library and finally to you.

### Usage guidelines

Google is proud to partner with libraries to digitize public domain materials and make them widely accessible. Public domain books belong to the public and we are merely their custodians. Nevertheless, this work is expensive, so in order to keep providing this resource, we have taken steps to prevent abuse by commercial parties, including placing technical restrictions on automated querying.

We also ask that you:

- + *Make non-commercial use of the files* We designed Google Book Search for use by individuals, and we request that you use these files for personal, non-commercial purposes.
- + *Refrain from automated querying* Do not send automated queries of any sort to Google's system: If you are conducting research on machine translation, optical character recognition or other areas where access to a large amount of text is helpful, please contact us. We encourage the use of public domain materials for these purposes and may be able to help.
- + *Maintain attribution* The Google "watermark" you see on each file is essential for informing people about this project and helping them find additional materials through Google Book Search. Please do not remove it.
- + *Keep it legal* Whatever your use, remember that you are responsible for ensuring that what you are doing is legal. Do not assume that just because we believe a book is in the public domain for users in the United States, that the work is also in the public domain for users in other countries. Whether a book is still in copyright varies from country to country, and we can't offer guidance on whether any specific use of any specific book is allowed. Please do not assume that a book's appearance in Google Book Search means it can be used in any manner anywhere in the world. Copyright infringement liability can be quite severe.

### About Google Book Search

Google's mission is to organize the world's information and to make it universally accessible and useful. Google Book Search helps readers discover the world's books while helping authors and publishers reach new audiences. ## PREFACE.

One of the most pleasing and encouraging evidences of the increasing influence of Divine truth on the world, is the disposition and the ability which the great Head of the church is giving to his servants to acquire a knowledge of the various languages which are spoken by the different tribes of the human family, and to the natives, in some instances, to obtain a knowledge of the English, whereby a door is opened for mutual assistance in translating the sacred Scriptures and other religious and devotional books into those languages.

The same Holy Spirit, who, by his miraculous influence, enabled the apostles on the day of pentecost to declare to men of different nations in their own tongue the lively oracles of truth, is now by his ordinary, but not less important operations, giving unto the messengers of the churches that decision of mind, that ardent zeal, and

that untiring industry, by which they speedily overcome the difficulties which attend the acquisition of barbarous languages, and enables them from the pulpit and through the press, to pour the light of evangelical truth upon the different tribes of men, who were previously sitting in darkness and in the region of the shadow of death, and perishing for want of knowledge.

To the numerous and widely extended Ojibway tribes of the American continent, the attention of the pious and benevolent has been providentially turned; and to these interesting, but despised and injured people, the life-giving means of christian instruction have been afforded in their own language: the Gospel has been preached, and the holy Scriptures and devotional hymns have been translated; so that, while from the former they learn the character, the relations, and the merciful designs of Jehovah, in the appropriate and spiritual language of the latter they can praise him as the Author of their existence, the Preserver of their

lives, the Redeemer of their souls, and the everlasting source of their present and eternal happiness.

Already have two editions of the Ojibway Hymn Book, translated and printed under the direction of the Methodist church, passed through the press; but the increasing number of our mission stations, our hearers, and members, requires a third and more enlarged edition. This has been prepared with great care, having passed through a vigilant examination before several of our most enlightened native brethren, at different stations. Assisted by the generous liberality of the American Tract Society, we present this work to the public, sincerely praying that, by the Divine blessing, it may be the means of promoting in the minds of our Indian communities that true spirit of devotion, which in all parts of the world, and amongst men of every colour and every language, characterizes the circumcision who worship God in spirit and in truth, ro-

joy in Christ Jesus, and have no confidence in the flesh.

JOSEPH STINSON,

*General Superintendent of Canadian Missions.*

Kimberly, 3d August, 1837.

BY THE TRANSLATORS.

Every exertion has been used to render this work acceptable to the Ojibways in all the various mission stations.

The words throughout have been divided into syllables, in order to assist the reader, and especially the natives, so that by a careful attention to the following Synopsis of Orthography—simple, but efficient—the Indians, the missionaries, and others if desirous, will be enabled, with a little application, to read the Hymns with ease and accuracy.

Some errors may have escaped—a circumstance which is almost unavoidable in

a work of this nature;—when found, please to correct rather than censure.

JAMES EVANS,  
GEORGE HENRY.

## HYMNS.

### A

Absent, alas, from God	64
A charge to keep I have	269
Again we lift our voice	59
A godly, formal saint	135
Ah, Lord, if thou art in	163
Ah, Lord, with trembling	268
Ah, lovely appearance of death	52
Ah, whither should I go	182
Ah, where am I now	210
Alas ! and did my Saviour bleed	327
All glory to God in the sky	345
And am I born to die	40
And am I only born to die	49
And are we yet alive	311
And can it be that I	219
And can I yet delay	168

And let this feeble body	-	-	90
And must this body die	-	-	61
Angels your march oppose	-	-	267
Arise, my soul arise	-	-	220
Author of faith, we seek	-	-	126
Author of faith, Eternal Word,	-	-	138
Awake my soul, to meet	-	-	342
Away with our sorrows	-	-	81

## B

Before Jehovah's awful throne	-	-	316
Behold the Saviour	-	-	31
Being of beings	-	-	130
Be it my only wisdom here	-	-	270
Bid me of men beware	-	-	262
Blessing, honour, thanks	-	-	56
Blow ye the trumpet, blow	-	-	22
By faith we find the place	-	-	58

## C

Come Father, Son, and Holy Ghost	-	-	233

Gracious Redeemer, shake	257

## H

Happy soul, thy days are ended	63
Happy the souls to Jesus join'd	28
Hark, a voice divides the sky	57
Hark ! how the watchmen cry	265
Hark ! the herald angels sing	347
Hearken to that solemn voice	65
He comes, he comes	69
He dies, the Friend of sinners	331
Help, Lord, to whom	260
He wills that I should holy be	301
Ho ! every one that thirsts	16

Holy as thou, O Lord, is none	-	232
Holy, holy, holy Lord	-	286
Hosanna to Jesus on high,	-	64
